I hope you like my songfic. It's my first one, but I've written the
first part to my story. The song is to the tune of All Star by Smash
Mouth. Oh, and it's in Geoge & Fred's POV.

All Washed Up- To the tune of All Star.

Charlie once told me

That Hogsmeade's gonna roll me,

Well I was itty bitty right then.

I took a step inside and

Boy were my eyes wide!

I couldn't wait to get inside of Zonko's.

Well, I used all my tricks and

Percy started yellin'.

Don't ever set off fireworks inside a melon!

Did't make sense not to use all my tricks.

Why save your money when you can always buy this?

So much to do, so much to try

So what's wrong with getting detention?

You never want to turn into a bore!

You never ever want to start to snore!

CHORUS

Hey now...I'm all washed up!

McGonagal... Caught us!

Hey now...What is this here?

A Marauder's map?

How lucky!

And always stay away from that Filch!

I tell you he is WAY worse than her!

Hogsmeade's a cool place,

And they say it gets cooler.

You're scared of those noises now?

Wait 'till you get closer!

But Honeydukes is worth a visit.

Don't orget to go there or you will regret it.

The butterbeer we drink

Is gettin' pretty low.

The air is gettin' warm so we might as well fly.

My broom is really fast!

How 'bout yours?

That's the way I like it and I'll never fall off.

CHORUS

Hey now...I'm all washed up!

McGonagal... Caught us!

Hey now...What is this here?

A Marauder's map?

How lucky!

And always stay away from that Filch.

I tell you he is WAY worse than her!

(Instruments Play)

CHORUS- REPEAT

Well, that was my songfic! Hope you liked it, please review.
